

# Read Write Inc

## Speed Sounds Set 1

**Help your child to achieve the  
Early Learning Goal for reading.**

## Introduction

The information in this booklet will explain the phonics teaching that your son / daughter will receive daily at school during their time in Reception and in Year 1.

It also provides information on how you can help support your son's / daughter's phonics development at home.

If you need clarification or would like to know more about our phonics teaching, please make an appointment to speak to your son's /daughter's class teacher.

Thank you for your continued support.

The information written in this pamphlet has been gathered from a variety of sources, including:

Read Write Inc Phonics Flashcards (Green pack) - Home Pack

# Speed Sounds

Before your son/ daughter can start to read, s/he needs to learn to:

- ✓ Say the sound that is represented by each letter or groups of letters. These are called 'Speed sounds'.
- ✓ How to blend the sounds together in a word to read it e.g. c-a-t □ cat. This is called 'sound-blending'.

## What are speed sounds?

In Read Write Inc phonics the individual sounds are called 'speed sounds' – because we want your son/daughter to read them effortlessly.

## What are 'speed sounds' Set 1, Set 2 and Set 3?

Set 1: In Reception your son/daughter will learn the sounds below by sight. They will also learn how to blend them together to read words e.g. c-a-t becomes cat.

## Speed Sounds Set 1

To begin with we learn a sound a day. We use pure sounds so that your son/daughter will be able to blend the sounds into words more easily.

Letter-sound pictures are used to help your son/daughter learn these sounds quickly.

e.g. mmmountain is morphed into m

t-t-t-tower is morphed into t

Set 1 sounds are taught in the following order:

**m a s d t, i n p g o, c k u b, f e l h sh, r j v y w, th z ch qu x ng nk**

Once they have learnt the first 5 sounds we teach them to blend them. When we say words in pure sounds we call it 'Fred Talk'. E.g. p-a-n, c-l-a-p.

### **We never use letter names at this early stage**

#### **Pure Pronunciation**

When teaching a speed sound we either have to 'stretch' or 'bounce' it.

These first sounds should all be stretched slightly. Try to avoid saying uh after each one. E.g. /mm/ not muh, /ss/ not suh, /ff/ not fuh:

m – mmmmmountain (keep lips pressed together hard)

s – ssssnake (keep teeth together and hiss – unvoiced)

n – nnnnnet (keep tongue behind teeth)

f – ffffflower (keep teeth on bottom lip and force air out sharply – unvoiced)

l – llllleg (keep pointed curled tongue behind teeth).

r – rrrrrrobot (say rrr as if you are growling)

v – vvvvvvulture (keep teeth on bottom lip and force air out gently)

z – zzzzzzig zzzzzag (keep teeth together and make a buzzing sound)

th – thhhhank you (stick out tongue and breathe out sharply)

sh – shhhh (make a shhh noise as though you are telling somebody to be quiet!)

ng – thinnnnngg on a strinnnnngg (curl your tongue at the back of your throat)

nk – I think I stink (make a piggy oink noise without the oi! nk nk nk)

These next sounds cannot be stretched. Make the sound as short as possible avoiding uh at the end of the sound:

- t – (tick tongue behind the teeth – unvoiced)
- p - (make distinctive p with lips – unvoiced)
- k – (make sharp click at back of throat)
- c - as above
- h – (say h as you breathe sharply out – unvoiced)
- ch - (make a short sneezing sound)
- x – (say a sharp c and add s – unvoiced)

You will find it harder to avoid saying uh at the end of these sounds:

- d – (tap tongue behind the teeth)
- g – (make soft sound in throat)
- b – (make a short, strong b with lips)
- j – (push lips forward)
- y – (keep edges of tongue against teeth)
- w – (keep lips tightly pursed)
- qu – (keep lips pursed as you say cw – unvoiced)

The short vowels should be kept short and sharp:

- a: a-a-a (open mouth wide as if to take a bite of an apple)
- e: e-e-e (release mouth slightly from a position)
- i: i-i-i (make a sharp sound at the back of the throat – smile)
- o: o-o-o (push out lips; make the mouth into o shape)
- u: u-u-u (make a sound in the throat)

### **Speed Sounds Sets 2 and 3: The long vowels**

Once your son/daughter knows all Set 1 sounds by sight and sound and uses them to blend to read words, we start teaching Set 2 initially and then Set 3 long vowel sounds. Your son/daughter will need to learn that most vowel sounds have more than one spelling.

The average time it takes to learn and use correctly all these corresponding long vowel sounds in reading and writing is two years.

## Resources for Home Use

### Read Write Inc. Phonics Flashcards

We do not normally recommend buying flashcards for home use. However, we make an exception with these. They are great cards linked to the phonics scheme we do in school. You could use them with your son/daughter during their time in Reception and Year 1. They retail at £6.99

## Practise at Home

You will need a pack of Read Write Inc. Phonics Flashcards (see resources for home).

### How to practise Set 1 Speed sounds

When you practise your son's/daughter's Set 1 'speed sounds', you either have to stretch or bounce them (see above for details).

Example of how to practise the stretchy speed sound e.g. m

- Sing and stretch mmmm as you press your lips together. Ask your son/daughter to do the same.
- Hold up the picture card. Show the picture of the mouse and say mmmm, and ask your son/daughter to say mmmm.
- Show the picture side of the card 'm'. Say mountain & ask your son/daughter to repeat it. Write the letter 'm' next to the card, so your son/daughter can see that the picture looks like the letter. Show the letter side. Say m (sound not the letter name).
- Ask your son/daughter to repeat m.
- Show your son/daughter both sides and ask him/her to say either m or mountain, depending on which side you show.

Example of how to practise the bouncy speed sound e.g. a

- Sing & bounce a-a-a a. Ask your son/daughter to do the same.
- Hold up the picture card. Show the picture of the astronaut and say a-a-a-a astronaut, and ask your son/daughter to repeat it.
- Show the picture side of the card 'a'. Say a-a-a-apple and ask your son/daughter to repeat it. Write the letter 'a' next to the card, so your son/daughter can see that the picture looks like the letter. Show the letter side. Say a (sound not the letter name).
- Ask your son/daughter to repeat a.
- Show your son/daughter both sides and ask him/her to say either a or apple, depending on which side you show.

Once your son/daughter knows a sound well, drop the bouncing/stretching to enable him or her to sound-blend. Also stop showing the picture prompt so that your son/daughter doesn't become too reliant on it.

## How to practise Sound-blending

### Sound-blending 1

Your son/daughter will be ready to blend sounds together to read words once s/he has learnt the first set of sounds: m, a, s, d, t, and can say them in and out of order at speed.

Put the cards m, a, t on the table and push them closer to each other as you say the sounds. Point to each card as you say the sounds.

Repeat a few times saying the sounds more quickly and then the word, with your son/daughter. Repeat with: mad, sad, dad, sat, at.

Silently make m-a-t with the Speed sound cards. Point to each letter and say the sounds. Then say mat. Ask your son/daughter to do the same.

Then put the cards back with the other cards (s and d) and ask your son/daughter to use the cards to spell the word mat. Now ask your son/daughter to 'sound out' the word and read the word by blending again. Repeat with: mad, sad, dad, sat, at.

Explain to your son/daughter that in order to read words s/he needs to practise saying each sound in a word and blending the sounds together.

Below is a list of 'Green words'. They are called Green words because your son/daughter should now be able to 'go ahead' and read them, having learnt all the sounds in them and how to sound-blend them.

For each of the words, ask your son/daughter first to 'sound out' the word and then to blend the sounds together, e.g. m-a-t becomes mat.

Once your son/daughter is confident with Sound-blending 1 you can move onto Sound-blending 2.

## Sound-blending 2

This time, add i, n, p, g, o to your pack of sounds (you will now have 10 sounds). Follow the blueprint instructions for teaching sound-blending 1. Using the cards, practise: dog, dig, pin, pan, on, it, top. Then ask your son/daughter to read the words below.

For each of the words, ask your son/daughter first to 'sound out' the word and then to blend the sounds together, e.g. p-i-n becomes pin.

in	dog
on	sit
it	tip
an	pan
and	gap
pin	dig
got	top

Once your son/daughter is confident with Sound-blending 2 you can move onto Sound-blending 3.

## Sound-blending 3

This time, add c, k, u, b to your pack of sounds (you will now have 14 sounds). Follow the blueprint instructions for teaching sound-blending 1. Using the cards, practise: cat, cot, can, cup, bin, kit, up. Then ask your son/daughter to read the words below.

For each of the words, ask your son/daughter first to 'sound out' the word and then to blend the sounds together, e.g. k-i-ck becomes kick.

bin	up
cat	cup
cot	bad
can	back
kit	kick

Once your son/daughter is confident with Sound-blending 3 you can move onto Sound-blending 4.

#### **Sound-blending 4**

This time, add f, e, l, h, sh to your pack of sounds (you will now have 19 sounds). Follow the blueprint instructions for teaching sound-blending 1. Using the cards, practise: ship, met, fan, hen, log, lip. Then ask your son/daughter to read the words below.

For each of the words, ask your son/daughter first to 'sound out' the word and then to blend the sounds together, e.g. f-i-sh becomes fish.

Once your son/daughter is confident with Sound-blending 5 you can move onto Sound-blending 5.

#### **Sound-blending 5**

This time, add r, j, v, y, w to your pack of sounds (you will now have 24 sounds). Follow the blueprint instructions for teaching sound-blending 1. Using the cards, practise: red, jet, yum, wish, vet, rat. Then ask your son/daughter to read the words below.

For each of the words, ask your son/daughter first to 'sound out' the word and then to blend the sounds together, e.g. w-e-t becomes wet.

Once your son/daughter is confident with Sound-blending 5 you can move onto Sound-blending 6.

### Sound-blending 6

This time, add th, z, ch, qu, x, ng, nk to your pack of sounds (you will now have 31 sounds). Follow the blueprint instructions for teaching sound-blending 1. Using the cards, practise: this, zap, chin, quilt, fox, bang, think. Then ask your son/daughter to read the words below.

For each of the words, ask your son/daughter first to 'sound out' the word and then to blend the sounds together, e.g. th-i-ng becomes thing.

### **Red Words**

These are words that children will need to learn on sight because they contain parts that are not decodable. They might only be red words until a specific sound is learnt or because people pronounce them differently in different parts of the country.
