

Foundation One
Home-School Challenge
W/C 9.9.19

This week the children have been reading 'The Rainbow Fish' and what an exciting week we have had. As well as showing us the fantastic homework creations the children have been busy:

- Rescuing the sea animals from all of the waste and rubbish in the water.
- Fishing in the tank and identifying the numbers on each fish.
- Using collage materials to decorate their own beautiful rainbow fish.
- Talking about the features of lots of sea creatures. Can anyone remember the creature with 8 tentacles or 5 points?

Next week we will be reading the story 'Funny Bones' and thinking about our bodies. For your homework you could:

- Draw a picture of yourself and label the parts of your body that you know.
- The characters in Funny Bones are skeletons, maybe you could draw a picture of a skeleton in your homework book.
- You could draw pictures of some of the foods that we eat to make our bones strong.

Thank you for your hard work and continued support.
We look forward to another fantastic week in foundation one.

Mrs Heaton and Mrs Edwards
