

Year 6 Homework

Due in Wednesday 25th September

Maths

Task 1: Fill in the gaps.

$__ \times 50 = 250$ $70 \times __ = 4900$ $__ \times 80 = 72000$ $300 \times __ = 2100$

$__ \times 5000 = 45000$ $__ \times 0.6 = 4.2$ $0.9 \times __ = 63$ $0.8 \times __ = 0.64$

Write the two corresponding division facts for each multiplication.

Task 2: Put these temperatures in order, the coldest first.

-3, 7, -7, 18, -9, 14, -15, 17, -26, 17, -43, 6, -52, 28

Task 3: Challenges

Fill in the missing numbers.

142, 102, 62, 22, $__$, $__$,

James had £12.50 in bank account. He paid for a jumper that was £25. How much did he have in his bank account after?

In a Science experiment, a class videoed a thermometer overnight. At 02:30 it read -16°C and it was 19°C at 13:00.

What was the difference in temperatures?

Year 6 Homework

Due in Wednesday 25th September

Art/English

Over the last couple of weeks, Year 6 have been working very hard on our new class book, Brightstorm—a skyship adventure. They have produced some beautiful work which has made our classroom a wonderful place to be. Several children have been asking whether they could make their own skyships for homework so this is your chance. Take a look at the following images to give you some ideas. These creations will decorate the area outside our classroom.

Spellings

This is our final week where children have made a list of 5 personal spellings based on ones which they have struggled in this week. Please take some time to learn these.

Any problems - please come and speak to us.

Year 6 Team :-)
