

Victoria Dock Primary School – amendments to behaviour policy.

We have made changes to our existing behaviour policy to reflect the changes in school due to Covid 19.

Through effective support, guidance and encouragement from staff and parents, and considering their age, our children will:

- Understand and follow any altered routines and timings for arrival or departure.
- Understand and follow school instructions on hygiene, such as handwashing and sanitising.
- Understand and follow instructions on social distancing and with which pupils they can socialise with at school and which areas of school they can and cannot enter.
- Understand and be able to move around school safely, following specific instructions (for example, one-way systems, out of bounds areas, queuing).
- Understand and follow expectations about sneezing, coughing, tissues and disposal ('catch it, bin it, kill it') and avoiding touching your mouth, nose and eyes with hands.
 - Know that they must tell an adult if they are experiencing symptoms of coronavirus
 - Understand and follow rules about sharing any equipment or other items including drinking bottles and specific learning resources.
- Understand and follow amended expectations about breaks or play times, including where they may or may not play.
- Understand which toilets they are able to use and what they should do to use them safely.
- Understand and follow clear rules about coughing/spitting/sharing fluids at or towards any other person.
 - Understand any amended rewards and sanction systems where appropriate.
- Understand how to access remote education safely whilst at home. When pupils return to school staff will update pupils on the amendments in an age appropriate manner.

If a pupil puts themselves or others at risk by consistently not following the amended policy statements then their parent or carer will be required to collect them from the school and the pupil will be at risk of exclusion/parents will be asked to collect their child.
