

Hello everyone and welcome to week 17. This will be our final grid of work and like with the den challenge I have added some whole school challenges. A lot of the tasks this week are about reflecting on our school year and looking forward to what the next year holds.

- Friends– we have made lots of friends at school this year and some of them we haven't seen for a long time. Draw a picture of you and your school friends.
- Events– there have been lots of fun events, topics and activities at school this year. Talk to your grown up about your favourite and draw a picture.
- Superpowers– we have learned so many super new skills this year, draw a picture of yourself as a superhero.
- Have a go at the barefoot safari– pictures attached.
- Make a butterfly feeder– picture attached.
- I have attached some outdoor and indoor activity sheets that you might like to try.

I have thoroughly enjoyed looking through all of your tapestry posts. Despite our school year being cut short it has been so nice to see how much learning has continued at home.

Whatever you get up to during this final week please share and upload it to tapestry.

Have a wonderful week.

Mrs Heaton

Barefoot safari

Equipment

Identify a short pre-determined route. This could be a pathway over grass, along a wooded area, behind bushes or even a pop up trail on tarmac Incorporate a series of different surfaces en route such as: bark mulch; rounded gravel, fir cones; sand; pebbles; long grass; leaf litter and not forgetting some mud! Areas of loose parts may need separating by sections of natural ground.

Large scrubbing brushes, water and towels at the end of the trail are advisable for cleaning up dirty feet! If you don't fancy an outdoor experience – try something indoors instead!

Butterfly Feeder

What you will need:

- A small ramekin/jar or even plastic container
- Wool/strong string
- Half of an orange
- Bright coloured flowers (the brighter the better!)

Can you take any pictures of the different butterflies that visit you? Can you identify the species of butterfly? You could even carry out your own science investigation and data collection around what colour flowers attract the most butterflies! We can't wait to see your own creations on Seesaw or Dojo!

School Games Active Championships

Developed by Hull Active Schools (HAS), the School Games Active Championships are a fun, engaging, national activity campaign for children across the UK to keep active. Parents can download the TopYa! App and sign up with our school's unique code: **28281**.

Children can practise the free active challenges, submit their best performance video and receive free personal coaching feedback from the experienced virtual coaches. For each video submitted, children can earn points, climb the leaderboard and even win prizes.

Parents, check out this video tutorial for more information: <https://vimeo.com/423604569>
