We will also be reading and discussing the story of Pumpkin soup (see link above).

Some questions to ask about the story: Why did the animals argue? Where did the duck go? How were cat and squirrel feeling when duck was missing and why? How did the duck feel in the woods and why? Can you retell the story in your own words?

Other Subjects

In Science, we are looking at using our senses to describe a range of different things. Gather some things from your house and use your five senses to describe what you can see, hear, smell, feel and taste? (see attached resources).

In Geography, we are still exploring the continents and oceans. We will be building our own world maps and cutting and sticking some animals and landmarks from each continent. (see attached resources).

In Art, we will be painting broccoli print autumn trees (see example attached).

In Jigsaw, we are discussing why we are proud of each other. Design a certificate to give to someone you are proud of and make sure you tell them why.

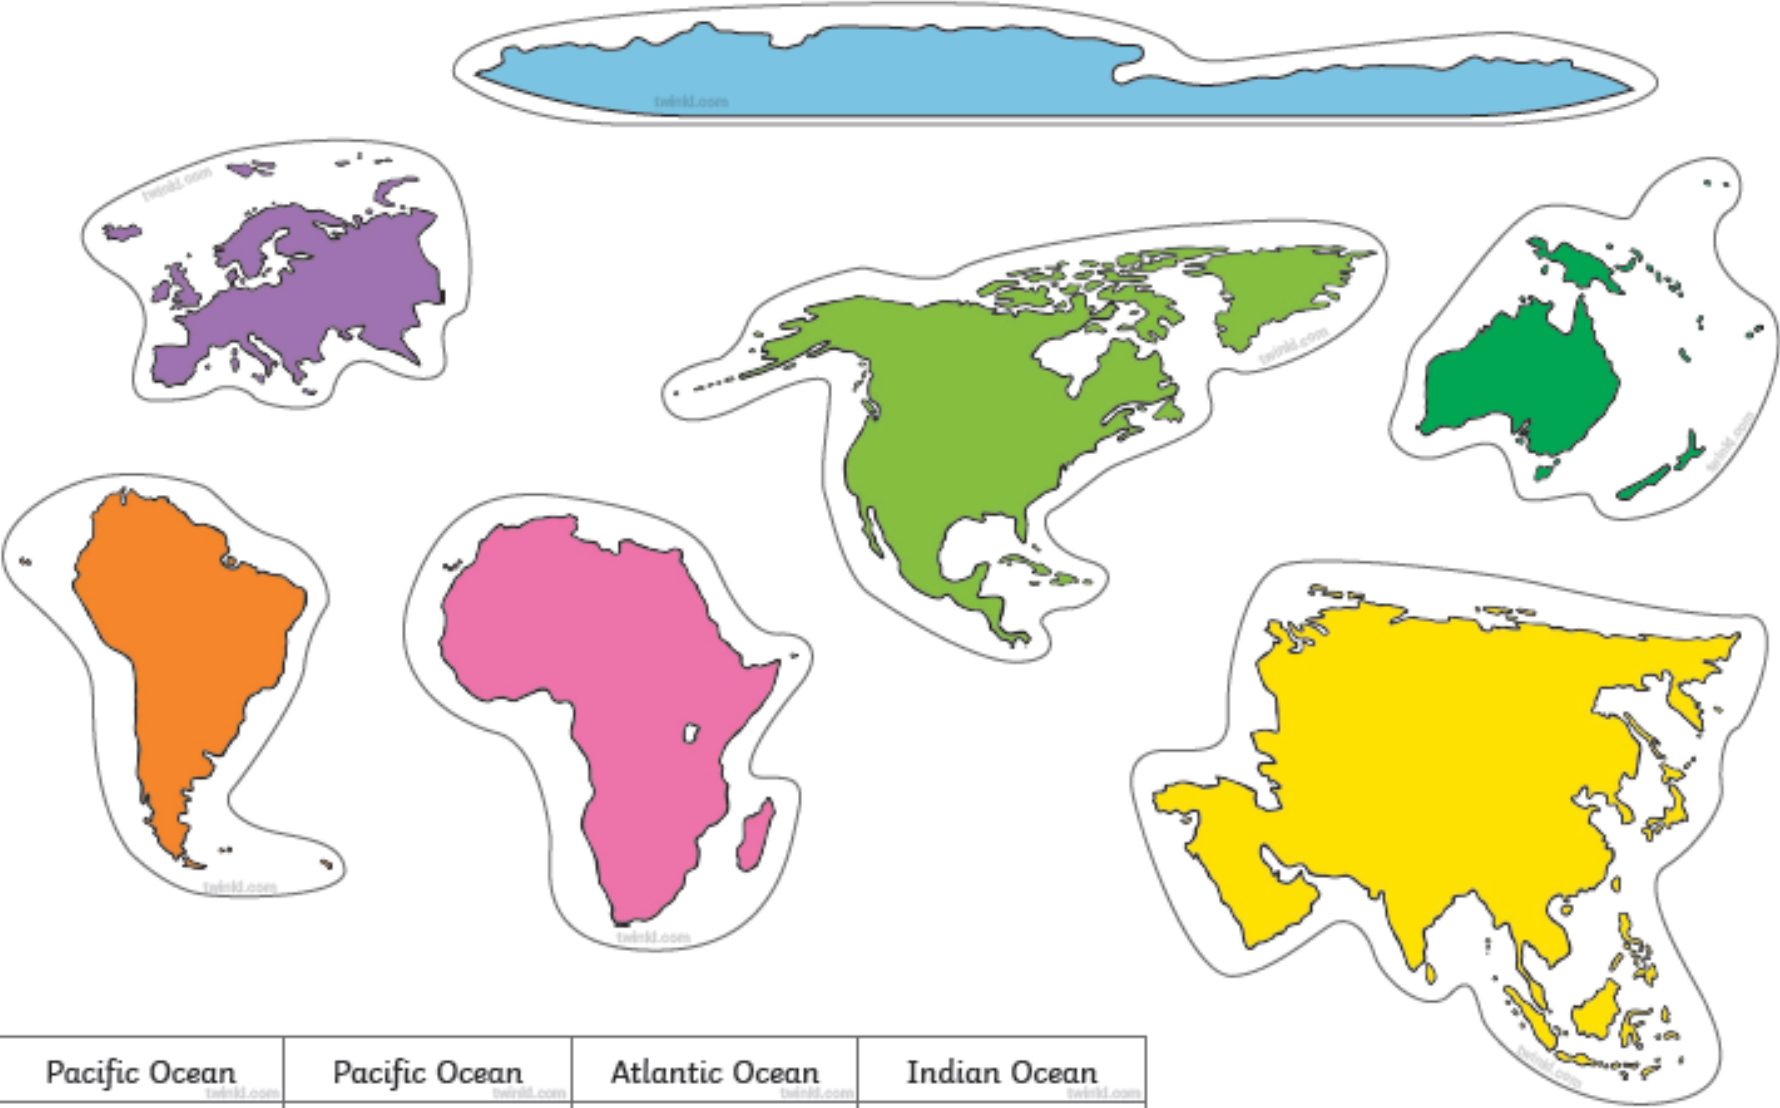

** If you are unable to access resources and would prefer a paper copy of these instructions please contact the school office.
