

Victoria Dock Primary School Home Learning Plan

Year 1

Week Commencing 30th November

As your child is absent from school at the moment, please read the following information and links in order for your child to continue their education until they can return to school. These resources are aligned with the teaching taking place in school and wherever possible video links and additional instructions are given to help support your child. All completed work should be returned to school when your child returns. It will then be looked at by school staff following a quarantine period.

Year 1 Maths – Online Learning

Addition and Subtraction – This week in Maths we are continuing to revise the subtraction unit that we missed in school whilst we were isolating. We have attached the links to the maths home learning that we will be doing in school this week. If you have already done these, please feel free to practise addition and subtraction within 10 and spend some time learning the two times tables.

Writing

This week our writing will be based on the book 'The Bog Baby' by Jeanne Willis.

Monday – Look at the front cover of the book. Make a prediction about what might happen in the book? Who will be in the story? What will it be about? Where will it be set?

Tuesday – Talk to an adult about what a question is. When do we use them? How are they different to a normal sentence? What punctuation should we use? Look at the front cover again, If you met the Bog Baby, what would you want to know about him? Write some questions that you would ask him.

Wednesday – Read the story of the Bog Baby (PowerPoint on Microsoft Teams). Can you tell an adult what has happened in the story in your own words?

Thursday – Discuss with an adult – If you had a bog baby what would it look like? Where would it live? What would it eat? Create and label your own bog baby.

Friday – Write some sentences to describe your Bog Baby. Think about what he looks like, what he feels like, what he might smell like.

Reading/Phonics

All links to the phonics videos are now on Class Dojo

Due to us not being in school for the past two weeks we will be reviewing some of the sounds we have missed.

Mrs Marrow's phonics group will be reviewing the sounds: z, ch, qu, x, ng, nk

Miss Townsend's group will be reviewing: oo, ar, or, air, ir

Mrs Inchbold's group will be reviewing: ew, ire, ear, ure

Mrs Bell's group will be reviewing: are, ur, er, ow, ai

Other Subjects

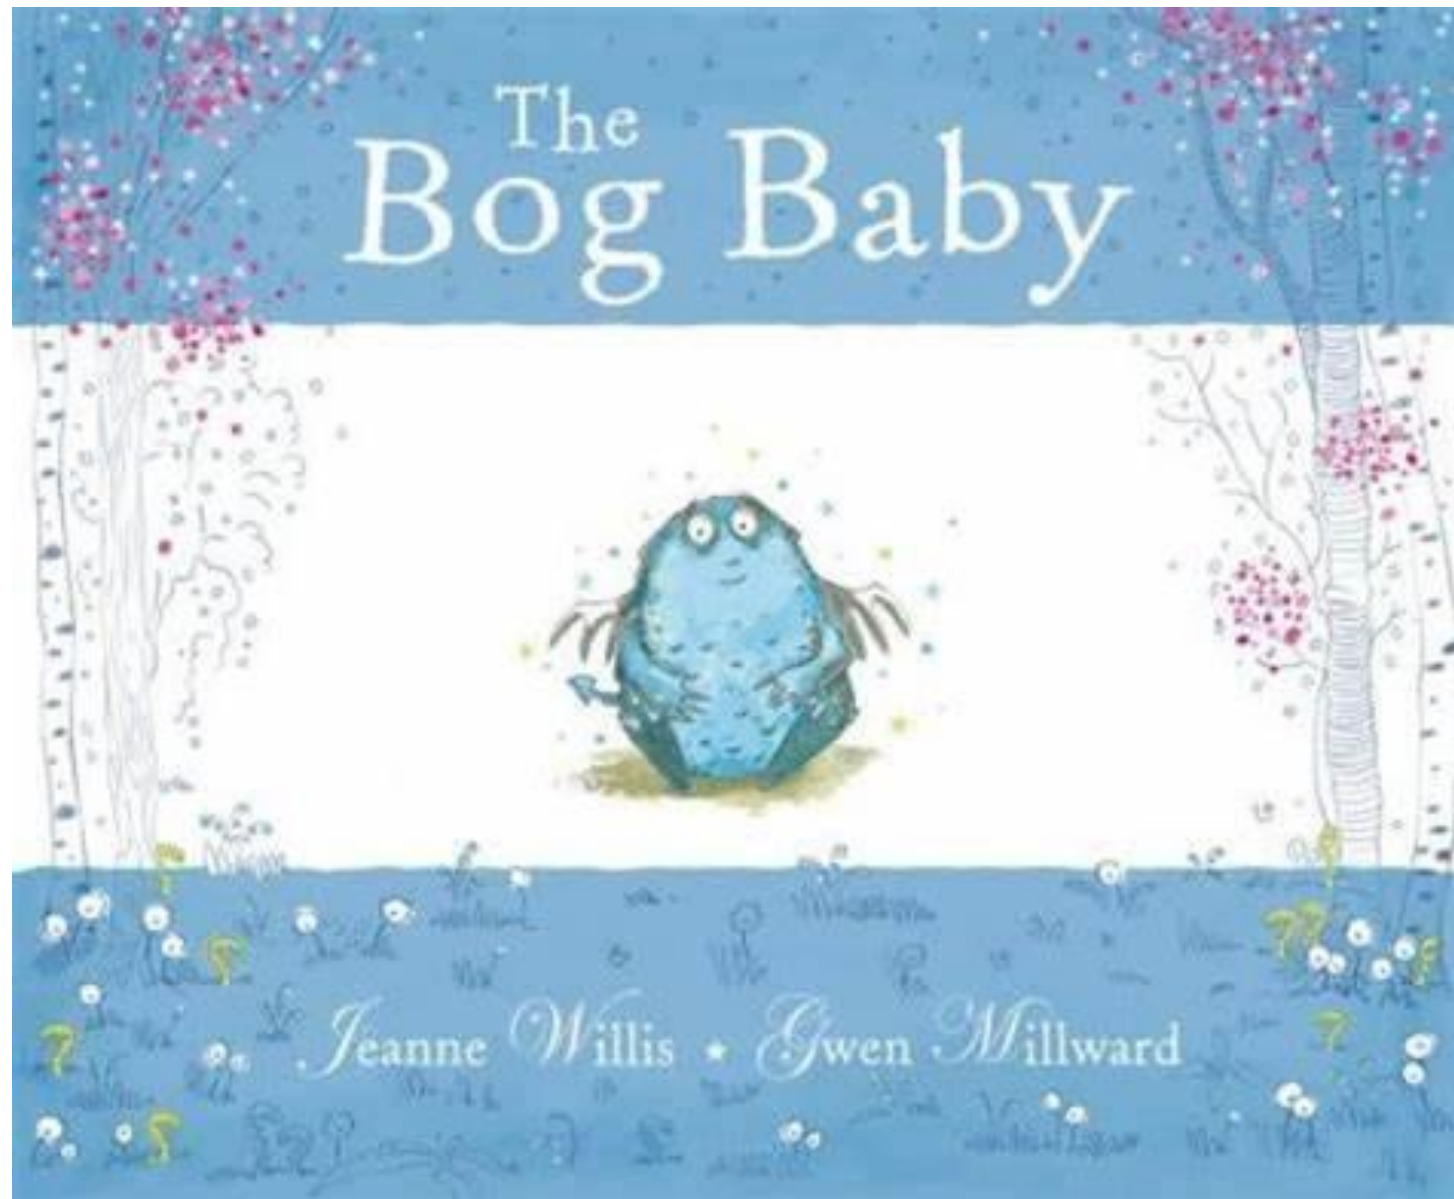

Science / computing – Research amphibians. What is special about them? Can you draw and describe a few.

Art and Design – Design your own woodland scene. You can draw a picture, paint a picture, make a 3D model – Be as creative as you like!

Jigsaw – This week in Jigsaw we are talking about making new friends. Think of a time when you made a new friend. This could be at school or somewhere else. Think of something you could offer a new friend. This could be a joke, a game, a book, a hug, some sweets or anything else you would like!

Design a 'Friendship token' and write on it what you would give to your new friend.

Monday - English

Tuesday – English

Question sentences are easy to spot because they end with a question mark.

Questions can often start with words like Who, What, Where, When and Why.

Watch the following short video to find out more.
