Other Subjects – Online Learning History As we have now gained an overview and understanding of what Victorian life was like from 1837 onwards, let's look at a very significant even in history: The Great Exhibition of 1851. At this time, a huge event was held in the Crystal Palace in Hyde Park, London. Take a look at the table below to see some primary sources from that event. What do you think each one is and what does it tell us about either the Great Exhibition or the Victorian Era in general?

For a closer look at the sources, see the Powerpoint presentation attached.
