

## Victoria Dock Primary School Home Learning Plan

### Year 6

Monday 2<sup>nd</sup> November – Friday 6<sup>th</sup> November

As your child is absent from school at the moment, please read the following information and links in order for your child to continue their education until they can return to school. These resources are aligned with the teaching taking place in school and wherever possible, video links and additional instructions are given to help support your child. All completed work should be returned to school when your child returns. It will then be looked at by members of the school staff following a quarantine period.

**Year 6 Writing – Online Learning**

**Narrative Writing**

This week, we are going to be beginning a unit of work surrounding writing a newspaper article. This will give us chance to apply our use of direct and reported speech with correct punctuation. There are a few things you could do at home to be ready to rejoin this work when you return to school:

1. Find the shape of the text by matching each of the symbols from the key (bottom of page) to the blank arrows on the model text below.
2. Try the first three sentence stacking lessons using the information below.

	<b>Sentence Stacking 1</b>	<b>Sentence Stacking 2</b>	<b>Sentence Stacking 3</b>
<b>Plot Point (What are we writing about)</b>	Headline. strapline, photograph / caption	5 W's, the jelly effect, & questions	Shifts in informality
<b>Success criteria (What's the point of each sentence)</b>	<ol style="list-style-type: none"> <li>1. Headline pun</li> <li>2. Strapline alliteration</li> <li>3. Photo caption</li> </ol>	<ol style="list-style-type: none"> <li>1. Five Ws</li> <li>2. Hyperbole</li> <li>3. Urgent questions</li> </ol>	<ol style="list-style-type: none"> <li>1. Formality shifts (dialogue)</li> <li>2. Passive voice</li> <li>3. Formality shifts (dialogue)</li> </ol>
<b>Model/example (How I would write it)</b>	<p>Goldilocked Up! Cunning child on the loose in local woodland. Distraught Baby Bear discovers empty porridge bowl.</p>	<p>During the early hours of Sunday morning, an assailant, who we now know was Goldilocks, callously forced her way into the home of three law-abiding bears in Honeypot Woods. Police believe it was a targeted attack, due to this girl's extreme anti-bear views (she has been spotted on local activist marches). Crazy Criminal. The crazed criminal is still on the prowl. Police have warned people not to approach her. It is still unclear if</p>	<p>Mummy Bear, aged 47 and currently unemployed, explained how hard this attack had been on her family. "My child ain't sleeping proper 'cause he's so scared of that girl. We was so happy before this 'appened." The severity of the crime was underlined by PC Bobby Badger. "It was brought to my attention that a disturbance had occurred. By the time I attended the incident, I observed a state of</p>

		<p>she was acting alone or as part of a feared city gang. Seen any suspicious characters in your neighbourhood? Have you locked your doors today? Noticed a strange shape under your duvet? Realised items are missing from your cupboards?</p>	<p>disarray. The property owners have reported a series of unusual crimes.”</p>
--	--	---	---

## Monday 2nd November

### Finding the shape of a newspaper article (Jack and the Beanstalk)

NCO: noting and developing initial ideas, drawing an reading and research

- I can write effectively for a range of purposes and audiences.

**Task:** Use the symbols you have been given to label the correct sections of this newspaper article, helping us to find the shape.

## STALKER CAUGHT GREEN HANDED.

### Boy scales beanstalk to burgle treasured belongings

During the early hours of Monday morning, the alleged burglar, who we now know to be Jack, made his way up to the castle of the giant and stole gold, animals and other valuable items. Due to the young boy's bad behaviour (well known in the area for upsetting his mother), the crime against the giant's castle is thought to be a direct result of his lack of respect for the property of others. The deranged delinquent is believed to be roaming in the Honeypot woods. Police are still unclear whether he is working alone on this crime or with his mother.

Have you seen any unusual activity in your neighbourhood? Do you keep your valuables under lock and key? Noticed large plants appear suddenly? Pets disappeared?

### Heard it on the grapevine

Mrs Poor, 47 year old widow and mother of Jack, explained how hard this has been on her. "He's a good boy you know. This is just another example of police victimisation. Leave our family alone."

During our interview, the severity of the crime was echoed by Sergeant Tony Woods. "It was brought to our attention that a burglar took place at the castle somewhere between 5am and 7am on Monday morning. I can confirm we have launched an investigation to find a small boy, last seen carrying an axe heading, towards the other side of the town. The suspect is not to be approached as he is considered dangerous."

Enraged giant is getting ready to come down the beanstalk and wreak his revenge.

### Once upon a times view

Since 2012 there has been a 32% increase in serious crimes in Fairy Tale Land. Some of the despicable crimes that have been on the increase are; stolen animals, theft of precious metals and possession of banned weapons. The equilibrium of our Fairy Tale community (especially on the east side of the forest) has been seriously disrupted since this young criminal has been on the loose.

### The way forward

We seriously suggest that the woodland social services centre need to increase their counselling for distressed Fairy Tale residents who are disturbed at night by the amount of crimes that are occurring late at night. It is crucial that communities come together to protect themselves against these hate crimes. Loitering jobs are becoming an increased problem on our street and something needs to be done before these thugs take over!

It is strongly advised that you do not plant any seeds that have not been authorised by the council as these seem to be at the root of criminal activity. If you see a shoeless boy brandishing an axe please contact the police immediately.

### Who's been Twittering?

- TommyMarket@OnceUponATimes  
Youngsters in our community R running riot. I know this lad & he is always on money making schemes- he sold a cow last week!
- GiantsWife@OnceUponATimes  
We are devastated. My husband has been crying all night. He's had that goose since he was 15!
- GreenGiant@Onceuponatimes  
I am so angry! The police best get hold of him before I do!

Enraged giant is getting ready to come down the beanstalk and wreak his revenge.

**Year 6 Reading & Phonics – Online Learning**

**Providing reasoned justifications and comparing characters**

This week in guided reading, there are three main tasks which could be done at home:

1. Complete the crossword using the First News extract below.
2. Find evidence regarding the statement about the Terra Nova Expedition extract. Use this evidence to form your own 3-mark answer.

**Friday 6th November**

\*\*\*

**Being precise in selecting evidence (Terra Nova Expedition)**

NCO: provide reasoned justifications for their views.

- I can provide reasoned justifications for my views and refer to the text to support my opinion.

**Task:** Find and copy any evidence (words, phrases or sentences) which could be used to support or refute the following statement.

The Terra Nova expedition was a  
complete failure

**Task Two:** Turn these pieces of evidence into a 3-mark answer.

Tuesday 3rd November

\*\*

### Being precise in selecting evidence (First News)

NCO: Identifying how language, structure and presentation contribute to meaning

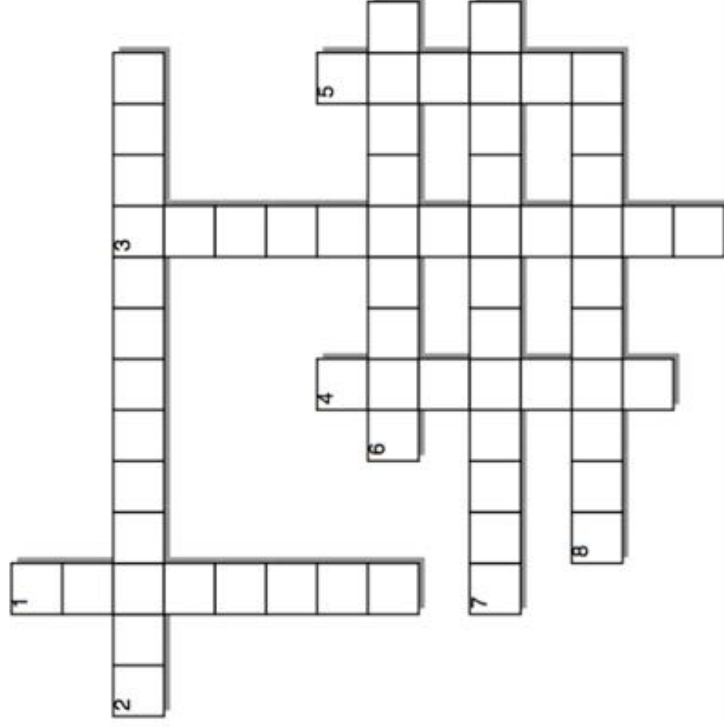

- I can identify and comment on the writer's choice of vocabulary, giving examples and explanations.
- Task: Find and copy one word from the text which shows the following. Use the underlined words only.

#### Across

2. A change in global climate patterns, due to increased levels of carbon dioxide in the air from the burning of fossil fuels
6. Someone who teaches at a university
7. Being lost; to stop existing
8. Unaffected by; untouched by; resistant to

#### Down

1. A million million (1,000,000,000,000)
3. Speeding up; getting faster
4. Three times as much
5. The plural for ton; a unit of weight equal to 1,000 kilograms

## BIG NEWS

# ANTARCTIC ICE IS MELTING FASTER THAN THOUGHT

ANTARCTICA has lost three trillion tonnes of ice in 25 years, and the rate of loss is accelerating sharply, a new report has revealed.

Antarctic ice is disappearing at an alarming rate. New research has shown that 200 billion tonnes a year are melting into the ocean. What's most worrying is that the speed of the melt has tripled in the past five years. If it keeps disappearing at this rate, Antarctica will add six inches to the sea level by 2100, which will lead to widespread flooding.

Professor Andrew Shepherd from Leeds University, who led the research,

said warm oceans from climate change are to blame. "The ocean in West Antarctica is too warm... The ice is melting away and causing this sea-level rise," he said. "It tells us that the ice sheet isn't impervious to the effects of climate change as we once thought it might be, and that's a wake-up call!" He added the rate of damage could be slowed down if we reduce emissions, "but unless we reverse the planet's temperature, we won't lower sea levels".

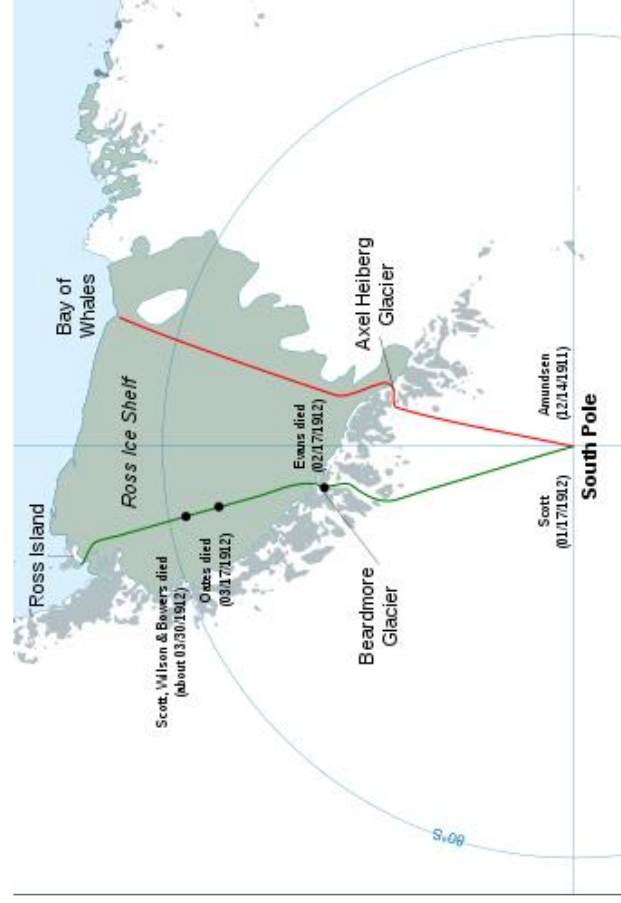

## Terra Nova Expedition

In the early 20th Century, several countries were competing with each other to explore Antarctica and be the first to reach the South Pole. In 1910, Captain Robert Falcon Scott of the British Navy, set off on the Terra Nova Expedition with the aim of reaching the South Pole before anyone else.

They arrived in Antarctica on 4th January 1911 and built huts to live in on the shore. The long, dark Antarctic winter was on the way so they decided to wait until spring before starting their trek to the Pole. In the meantime, they began to set up food stores along the first part of the route to leave room for more on the sledges which they would have to drag with them.

Some of the men went off to look for fossils, rocks and Emperor penguin eggs but bad weather stopped them from getting back. Temperatures plunged to  $-60^{\circ}\text{C}$  so they made an ice cave and lived in it all winter. They ate seals and penguins and only just survived.

When spring arrived, Scott set out on the 1,530km (950 miles) journey to the South Pole with four of his companions. Both the motorised sledges soon broke down and their ponies collapsed with exhaustion, however. The group also had to cross a huge glacier which was difficult because they had no skis and it was very steep.

To keep warm, they had to wear many layers of clothing, including thick underwear, two flannel shirts, a jacket, a sweater, cloth trousers, a jacket, an outer suit, a balaclava and woollen mittens. Their boots and sleeping bags were made from reindeer fur.

Scott reached the Pole on 17th January 1912, only to find that he had been beaten there by the Norwegian explorer Ronald Amundsen just a month earlier. Scott found: tracks of Amundsen's dogs, a little tent and a Norwegian flag fluttering in the wind. He wrote in his diary: 'Great God! This is an awful place.'

Bitterly disappointed, they began to walk the terrible journey back. As the days passed however, snow began falling harder and harder. A man named Evans fell and was injured, hampering the rest until he died. Then another - Captain Oates - was suffering from terrible frostbite so he bravely walked out into a blizzard to die. He told the group: "I am just going outside, I may be some time".

Eventually, Scott and his two surviving comrades also died, trapped in their tent by the snow and killed by starvation and exposure to the extreme cold. Their bodies were found eight months later, along with photos showing the dejected group at Pole. Scott had his diary tucked under his arm. The last entry, 29th March 1912, reads: 'The end cannot be far. It seems a pity but I do not think I can write more'. They were just 11 miles from the safety of their next food store.

**Other Subjects – Online Learning**

\*\* If you are unable to access resources and would prefer a paper copy of these instructions, please contact the school office.
