Dry Land

Story starter!

She was the greatest ship of her time.

With the tallest masts and the broadest sails, she was renowned for reaching terrific speeds, gliding through the ocean like a knife cutting through butter.

The crew had all disappeared, and the captain found himself alone with his ship. He pulled the rope tightly, bracing himself for the enormous task ahead. But then, suddenly, the heavens opened, and it started to rain...

Can you continue the story of the captain and his ship?

Reading

1. Complete the non-fiction reading and questions below;

The Alien Times **UFO Sighting**

3 Recent bright lights
5 and high-pitched
8 whistles have baffled
12 dog walkers in the
15 woodlands of Suffolk.
18 The disturbance has
22 occurred in the same
27 area as the UK's largest
31 ever UFO sighting, in
32 1980.

35 One astonished walker
40 said, "I walk in these
43 woods regularly and,
47 although I'm aware of
51 the unusual history of
55 the place, I've never
57 experienced anything
60 like this before."

64 It seems that someone,
67 or something, might
71 be trying to contact

75 us again, but nobody
80 can fathom why this is
83 happening nearly forty
87 years since the first
90 incident. The 'flying
94 saucer' was in almost
98 the exact same position
103 as the UFO that was
106 spotted in December,
107 1980.

110 Some residents are
113 nervous but many
117 others are excited about
121 the prospect of contact
123 with extra-terrestrials!
